Perla	Muschio	Bronzo

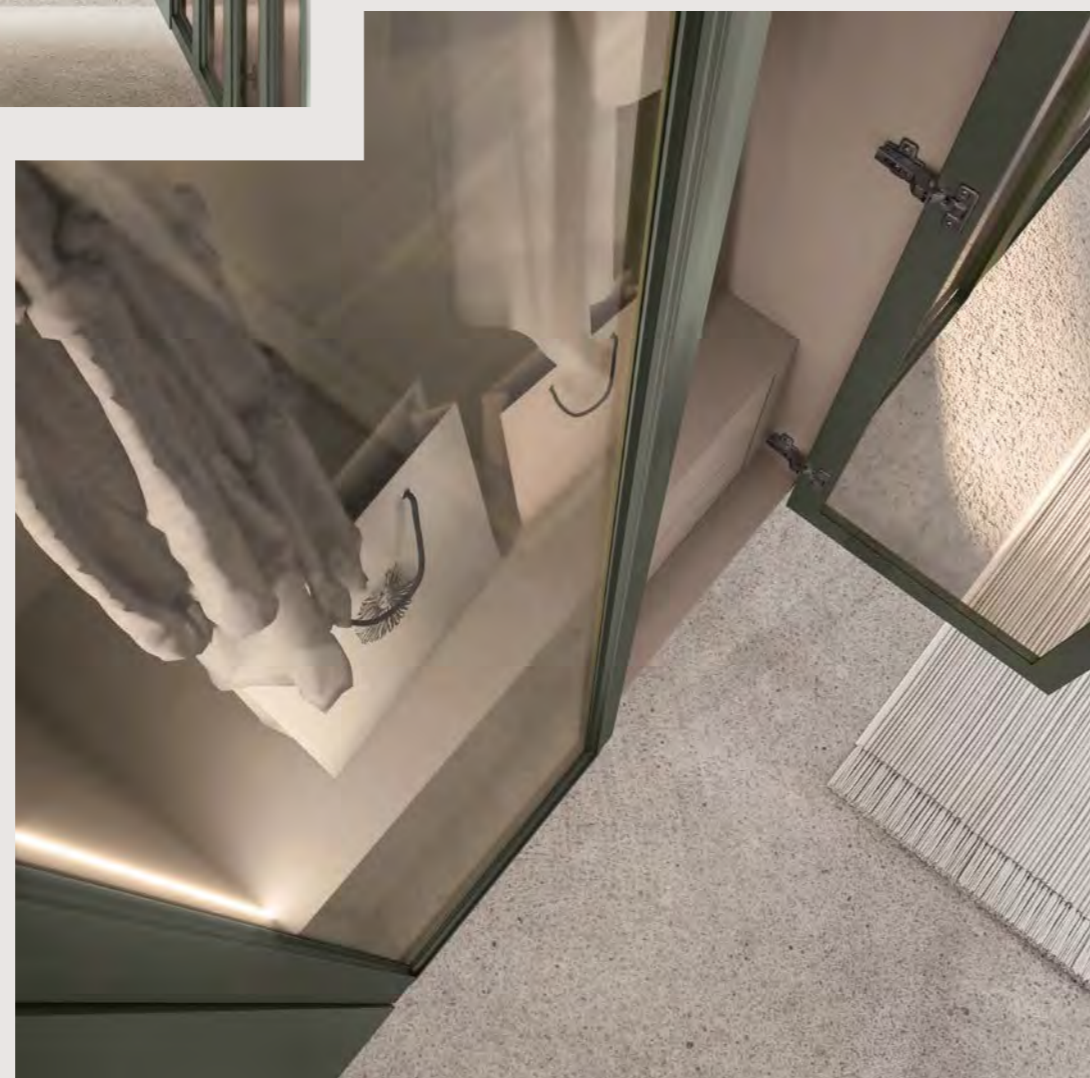

L'armadio sospeso Fly, brevetto Moretti Compact, reinterpreta il concetto tradizionale di armadio. Sollevato da terra, offre resistenza e funzionalità complete. Nella versione ad angolo, le ante lisce si combinano con la leggerezza delle ante in vetro.

The Fly floating wardrobe, patented by Moretti Compact, reinterprets the traditional concept of the wardrobe. It offers complete strength and functionality, while being suspended above the floor. In the corner version, plain doors combine with the lightness of glass doors.

Il telaio in metallo verniciato, coordinato al colore delle ante, ha una sezione sagomata che genera una gola verticale utilizzata come maniglia.

The painted metal frame, coordinated to match the colour of the doors, has a shaped section that generates a vertical groove used as a handle.

L'armadio Fly è liberamente configurabile con gli accessori Moretti Compact: tubi appendiabiti fissi e saliscendi, cassettiere, alveari e barre LED. L'illuminazione può essere integrata anche sotto i moduli.

The Fly wardrobe can be freely configured with Moretti Compact accessories: fixed and pull-down hanging rails, drawer units, shelf racks, and LED bars. Lighting can also be integrated under the modules.

Ardesia

La cabina armadio Wall si distingue per leggerezza e componibilità. I montanti in alluminio, con cremagliera integrata, permettono di posizionare ripiani, tubi appendiabiti ed elementi Wallbox secondo le necessità.

The Wall walk-in wardrobe stands out for its lightness and modularity. The aluminium uprights, with integrated rack, allow shelves, hanging rails and Wallbox elements to be positioned as required.

I Wallbox hanno cassetti con apertura a gola. Linee, finiture e materiali si integrano in modo armonico con la cabina armadio.

Wallboxes have drawers with groove-opening. Lines, finishes and materials integrate seamlessly with the walk-in wardrobe.

Il sistema Wall consente configurazioni ad angolo per ottimizzare lo spazio. La struttura sospesa dona leggerezza visiva e amplia la percezione anche negli ambienti più piccoli.

The Wall system can be used to create corner layouts to optimise space. The floating structure lends visual lightness and broadens perception, even in smaller rooms.

Il letto Sommier matrimoniale unisce essenzialità ed eleganza. È composto da giroletto imbottito Soft Slim e gambe Prince in lamiera dal design minimale.

The Sommier double bed combines essential style with elegance. It consists of a Soft Slim upholstered bed frame and Prince sheet metal legs with minimalist design.

I pannelli Wally sono un sistema boiserie versatile, con configurazioni libere e possibilità di retroilluminazione. In questa soluzione diventano testata del letto, rivestiti in ecopelle e arricchiti da cuscini.

Wally panels are a versatile wall panel unit system with easy layouts and the possibility to use backlighting. In this solution they become the headboard of the bed, covered in leatherette and with decorative cushions.

I comodini si integrano nel sistema boiserie Wally. Airframe sospesi con telaio in alluminio e ripiani in vetro fumé completano la zona notte con coerenza e leggerezza.

The bedside tables integrate into the Wally wall panel unit system. Floating airframes with aluminium frames and smoked glass shelves complete the sleeping area with a light consistency.

Maniglie / Handles: Funny, Nice / Funny, Nice

				
QZ Quarzo	TT Tortora	131 Quarzo	105 Ardesia	K40 Grigio Fumè

Un armadio con profondità di 107 cm unisce design essenziale e funzionalità. Lo spazio interno è sfruttato con carrelli estraibili che garantiscono accesso completo ai contenuti.

A wardrobe with a depth of 107 cm, combining essential design and functional use. The interior space is used with pull-out baskets that provide full access to the contents.

In spazi ridotti, il divano letto con box contenitore è una soluzione pratica. Il meccanismo idraulico con apertura laterale (Box Side) semplifica il sollevamento del materasso.

In small spaces, the sofa bed with storage box is a practical solution. The hydraulic side-opening mechanism (Box Side) makes it easier to lift the mattress.

# In una sola parete

On one wall

**YGAB2486** Gruppo letto-scrivania: pannelli Wally rivestiti, divano letto Zaffiro, scrivania a sbalzo Rack / Bed-desk group: Wally upholstered panels, Zaffiro sofa bed, Rack cantilever desk

Maniglie / Handles: Stylus Big, Stylus Mini Maniglia integrata nell'anta telaio / Stylus Big, Stylus Mini, Handle integrated into door frame Maniglia integrata nell'anta telaio

La rete estraibile del divano letto, con ruote e sollevamento automatico, consente di predisporre rapidamente un posto aggiuntivo per gli ospiti.

The pull-out bed base of the sofa bed, with castors and automatic lift-up, makes it easy to quickly set up an additional space for guests.

I pannelli Wally creano la boiserie che integra divano letto e scrivania. I rivestimenti in tessuto ed ecopelle distinguono le diverse funzioni dello spazio, mentre la strip LED diffonde una luce uniforme e rilassante.

Wally panels create a wall panel unit that can integrate the sofa bed and desk. Fabric and leatherette upholstery distinguish the different functions of the space, while the LED strip creates an even, relaxing light.
